AMENDMENT AND RESPONSE

S I R:

In response to the Office Action mailed 29 december 1999, in the above-referenced patent application, please enter the following amendment and reconsider the application in view of the amendment and the remarks set forth below.

I. **AMENDMENT**

A. **In the Claims**

Please amend the claims as follows:

*PS*  
*Buyers - please*  
*complete element Sch*  
*computer system*  
*computer system*  
*computer system*  
*computer system*

(Amended)

1. A method for using a digital electrical machine to electrically process signals in generating output, the method including the steps of:  
providing a first digital electrical computer apparatus including a digital computer having a processor, the processor electrically connected to a memory device for storing and retrieving machine-readable signals, to an input device for receiving input data and converting the input data into input electrical data, and to an output device for converting output electrical data from the processor into output having a visual
